**Exmouth Cape
Holiday Park**

For the better

Welcome

Welcome to RAC Exmouth Cape Holiday Park, gateway to the Ningaloo Coast, a natural playground and sanctuary to some of the world's rarest sea and land creatures.

RAC Exmouth Cape Holiday Park has a range of accommodation including cabins, powered caravan sites and backpackers' dorm rooms. The parks facilities include a modern camp kitchen, swimming pool, barbecue facilities, children's playground and free outdoor cinema (seasonal).

Walk along stunning white beaches with turquoise blue waters, explore the myriad of reefs, swim with whalesharks, or fish the continental shelf. Explore the spectacular coastline, swim, dive, walk or hike and then return to relax at RAC Exmouth Cape Holiday Park, your own sanctuary within this rugged and remote wonderland.

Accommodation

RAC Exmouth Cape Holiday Park offers a variety of accommodation options to suit every holidaymaker, with all the facilities you would expect of a good quality holiday park.

Snorkel with the Manta Rays

Cape Range National Park

Attractions

Cape Range National Park

With spectacular rugged limestone ranges, breathtaking canyons and 50km of pristine beaches.

Fishing

Exmouth and Coral Bay enjoy great fishing all year round. From whiting to game fish such as marlin, sailfish etc. While sanctionary zones are in place there are plenty of locations where land-based fishing can be enjoyed.

Turtles

There are three species of turtle that inhabit the Ningaloo region. These are the Hawksbill, Green and Loggerhead turtles. They are regularly seen in the waters in Exmouth and Coral Bay. Their mating/ nesting season is between Nov - Mar. Night tours to witness the miracle of nature generally run from Dec - Feb. Please visit the Department of Parks and Wildlife or the Exmouth Visitor Centre for guidelines on turtle interaction and availability.

Whalesharks

Season is generally April - July. They usually arrive just after the coral spawning that occurs after the full moon in March and April. As this is a natural occurrence there are no set dates.

Yardie Creek Gorge

Located approximately 91km away from Exmouth is the only gorge in the area that contains water. Enjoy the one hour cruise, departing daily down the gorge. The walk trail has recently been upgraded with lookout points along the way.

The Vlamingh Head Lighthouse

Located 17km north of the Exmouth townsite. The Lighthouse overlooks Lighthouse Bay and has the distinction of being one of the few places in Australia where you can watch the sunrise and set over the ocean.
